**Call for Papers: Trends in Intellectual Property Research**

**Journal Overview:** Trends in Intellectual Property Research (DOI: Prefix: 10.69971; ISSN: 3007-8539 [Online], 3007-8520 [Print]) invites research papers, review papers and case comments in all domains of intellectual property (IP) law. This includes, but is not limited to, topics related to patents, copyrights, trademarks, trade secrets, industrial design, internet law, privacy, unfair competition, antitrust and IP rights, and issues like parallel imports and copyright exhaustion doctrines. The journal follows a peer-reviewed process for all articles (except editorials).

**Theme:** We welcome research studies that focus on IP law in its various forms, encompassing international, comparative, and multidisciplinary approaches.

**Submission Guidelines:** We request authors to follow the manuscript preparation template for submissions. The following sequence is required for all articles:

1. **Title:**

    o   Max length: 40 words.

    o   Include author names, affiliations, and corresponding author's email.

2. **Abstract:**

    o   Max length: 350 words.

    o   Clear, concise, and descriptive, providing a brief introduction to the problem, objective, methodology, and summary of results.

3. **Keywords:**

    o   List at five keywords, separated by semicolons.

4. **Introduction:**

    o   Outline the issue to be discussed, followed by the significance of the research and the research objectives.

5. **Method:**

    o   For original research only. Descriptive methodology section outlining how the research was conducted (optional for review articles).

6. **Analysis and Discussion:**

- o The most critical section, providing clear and concise analysis of the research findings.

7. **Conclusion:**

   - o Summarize the research's contribution, answering the objectives without repeating the abstract.

8. **References:**

   - o Follow the APA style.

   - o References should be alphabetically arranged and cited only from items the author has read.

   - o Use tools like EndNote, Mendeley, or Zotero for proper citation management.
